Dear David

**Centenary Way Viaduct, Burnley**

I am writing to confirm the Council's support for the Centenary Way viaduct improvements. The viaduct is a critical part of Burnley town centre's road network and as such, plays an important role in ensuring that Burnley fulfils its potential for economic growth.

Burnley has a range of strategic economic development and wider regeneration interventions that are currently being delivered as well as others that are planned for delivery in the near future. As part of this, there is the need for good traffic infrastructure within, and around the town centre to ensure their successful delivery

Yours sincerely
